

# Introducing Excisions METAL WORKING FLUIDS

**Excision®**  
Dependable Precision

Excision is a manufacturer of high quality metal working fluids for all applications.

## XDP 905

Revolutionise how you do Cutting, Drilling and Tapping or use lubrication in high pressure applications.

Excision - high performance Paste and Oil in easy to use applicators make any job easier ensuring you get up to 5 times tooling life.

Item Code.	Part No.	Item Description	MOQ
...122392	81110-1	XDP 1000 1L	10
...122393	81110-5	XDP 1000 5L	1
...122394	81110-20	XDP 1000 20L	1
...122395	81210-1	XDP 2000 1L	10
...122396	81210-5	XDP 2000 5L	1
...122397	81110-20	XDP 2000 20L	1
...122398	83905-200	XDP905 Cutting Paste Tube w/ brush	12
...122399	84905-300	XDP905 Cutting Spray 300G	12

## XDP1000

MINERAL COOLANT  
WATER SOLUBLE CUTTING FLUID

An economical coolant for use in a wide range of ferrous and non-ferrous metals.

## XDP2000

SYNTHETIC COOLANT  
WATER SOLUBLE CUTTING FLUID

An enhanced coolant developed from a formula to extend tool Life.

# EXCISION Ultimate Metal Working Fluids

A unique concept developed to save money, time and wastage

1 Litre pouch of coolant that is pre-measured, so all you have to do is add to 20 litre of water

## XDP2000

Water Soluble Cutting Fluids

An enhanced coolant developed from a formula to extend tool life.

Go to page 3.3 for price and part no.

STEP 1.	STEP 2.	STEP 3.
		
Cut open pouch as indicated	Pour METALIUM into 20litres of water (DO NOT ADD WATER TO OIL)	Mix thoroughly before adding to machine

- ✓ Long Lasting Stable Coolant
- ✓ Premium Rust Protector ✓ Extends Tool Life
- ✓ Antibacterial ✓ Antifungal
- ✓ Chlorine, Nitrate and Silicone Free
- ✓ Easy on Hands ✓ Low Foam

## Ultimate Metal Working Fluids

### Metalium XDP1000 - Water Soluble

Part No.	Size
81110-1	1 Lt
81110-10	1 Lt x 10pk
81110-5	5 Lt
81110-20	20 Lt
81110-205	205 Lt

Metalium XDP1000 has been developed as an economical cutting fluid that can be used on a wide range of machines, for ferrous and nonferrous metals. A carefully formulated chemical package has been added to the mineral based oil to increase the life of the coolant in the sump. Extreme Pressure additives have been included to increase tool life in demanding machining operations and produce excellent surface finishes. When added to water, it forms a stable milky solution providing excellent emulsion. It has been tested in almost all hard waters and has proven exceptionally stable. It has excellent Anti-Bacterial, Anti-Fungal, and Reduced Foam Properties.

- ✓ Rust Protector
- ✓ Antibacterial
- ✓ Antifungal
- ✓ Chlorine, Nitrate and Silicone Free
- ✓ Easy on Hands

Metalium XDP2000 cutting fluid has been formulated to increase tool life and provide extended sump life. It can be used on a wide range machinery, for ferrous and nonferrous metals. A carefully formulated chemical package has been added to the highly refined oil to increase the life of the coolant in the sump. Extreme Pressure additives have been included to increase tool life in demanding machining operations and produces excellent surface finish. When added to water it forms a stable translucent solution providing excellent microemulsion. It has been tested in almost all hard waters and has proved exceptional stability. It has excellent Anti-Bacterial and Anti-fungal, and Low Foam Properties.
